

PRODUCT SPECIFICATIONS | STANDARD RANGE | 200 LUMENS

DESCRIPTION	
Part Number	XGLO-L-12-36v-DC
Lumens <small>(Nominal)</small>	200
Luminous Efficacy	75.28 Lumens / Watt
LED Chip type	Epistar
LED configuration	12 LED's per meter
Maximum running length	150 Metres – Dual Feed 75 Meters – Single Feed
Recommended fixing height	2 – 3 Metres
IP Rating	67
Maximum Watts per Metre	2.45 Watts
Colour Rendering Index CRI	> 80
Colour temperature	6500 Kelvin
Ambient Operating temperature	PVC: -20° to 45°C Silicone: -40° to 55°C
Voltage	36V DC Only
Light maintenance	20% reduction over 4 years
Lifespan	50,000 hours
Warranty	5 Years
Protection	Short Circuit Over Voltage Over temperature Over Current
