mineglow

PRODUCT SPECIFICATIONS |STANDARD RANGE | 350 LUMENS

DESCRIPTION	
Part Number	XGLO 24-36v-DC
Lumens (Nominal)	350
Luminous Efficacy	101.90 Lumens / Watt
LED Chip type	Epistar
LED configuration	24 LED's per meter
Maximum running length	74 Metres – Dual Feed 37 Meters – Single Feed
Recommended fixing height	3 – 4 Metres
IP Rating	67
Maximum Watts per Metre	3.60 Watts
Colour Rendering Index CRI	> 80
Colour temperature	6500 Kelvin
Ambient Operating temperature	PVC: -20° to 45°C Silicone: -40° to 55°C
Voltage	36V DC Only
Light maintenance	20% reduction over 4 years
Lifespan	50,000 hours
Warranty	5 Years
Protection	Short Circuit Over Voltage Over temperature Over Current
