

PRODUCT SPECIFICATIONS | STANDARD RANGE | 750 LUMENS

DESCRIPTION	
Part Number	XGLO 36-24v-DC
Lumens <small>(Nominal)</small>	750
Luminous Efficacy	105.68 Lumens / Watt
LED Chip type	Epistar
LED configuration	36 LED's per meter
Maximum running length	32 Metres – Dual Feed 16 Meters – Single Feed
Recommended fixing height	3.5 – 4.5 Metres
IP Rating	67
Maximum Watts per Metre	7.20 Watts
Colour Rendering Index CRI	> 80
Colour temperature	6500 Kelvin
Ambient Operating temperature	PVC: -20° to 45°C Silicone: -40° to 55°C
Voltage	24V DC Only
Light maintenance	20% reduction over 4 years
Lifespan	50,000 hours
Warranty	5 Years
Protection	Short Circuit Over Voltage Over temperature Over Current
